

NEW KIT!
Powerful lysis!

MACHEREY-NAGEL -
The purification company

Macherey-Nagel is the original manufacturer and developer of the world's first DNA purification kits already in 1985. The kits are made in Germany with a very high standard of quality.

NEW RAPID extraction of genomic DNA

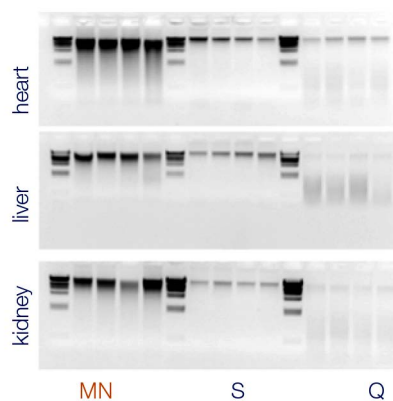

NucleoSpin[®] DNA RapidLyse

Unique lysis chemistry to release gDNA from tissues and organs in maximum one hour.

- No manual preparatory work
- Excellent DNA yields
- in single spin and 96 well format

ORDERING INFORMATION

		PRICE
740100.50	NucleoSpin DNA RapidLyse (50 preps)	102€
740100.250	NucleoSpin DNA RapidLyse (250 preps)	460€

OUTSTANDING DNA YIELDS

After sample lysis for one hour and subsequent DNA extraction, same amounts of independent eluates were subjected to gel electrophoresis. Superior yields of high molecular weight gDNA could be extracted with NucleoSpin[®] DNA RapidLyse (MN) in comparison to competitors S and Q.

Ask for free samples!

For every received order, we donate to Baltic Sea protection.
