

PROMOCELL PROMOTION

Microbial Detection, Elimination & Prevention

Products for effective prevention, detection and elimination of microbial – particular mycoplasma – contamination in laboratory including highly sensitive and user-friendly mycoplasma and bacteria test kits, reliable mycoplasma elimination reagents, as well as highly effective, user-friendly and safe surface disinfectants and water stabilizers.

Waterbath Stabilizers

Safe solutions for keeping water baths and incubator trays consistently clean. Efficient prevention of bacterial, fungal and algal growth.

Disinfectants

Spore-EX Spray is a reliable solution for disinfection of workspaces. Spore-EX eliminates **spores, viruses, bacteria and fungi** (including mycoplasmas, Clostridium difficile spores, Hepatitis B/C, H1N1, MRSA, TB and NDM-1) reliably within 1 minute.

PLEASE NOTE! Spore-EX (spray & wipes available) has been tested to **eliminate Coronavirus** at a contact time of 1 minute (validated according to EN14476).

ORDERING INFORMATION

CODE	PRODUCT	PRICE	PROMO
PK-CC01-867-1B	Aquaguard-1 (Incubator), 100 ml	29€	24€
